The elevator units listed above will be scheduled for inspection by the Department of Public Safety. I understand that the elevators to be inspected should be pre-inspected and made ready for the state safety inspection. Elevators inspected and found in non-compliance will be issued a DPS Work Order. Unsafe Elevators will be shut down pending repair and re-inspection. All elevators issued 90 day temporary certificates, unless issued an extension, will be re-inspected 90 days from the annual test date. Failure to be ready for or failure to pass the 90 day re-test will result in the elevator being shut down. Elevators shut down must re-apply for inspection with applicable additional fees, and will remain shut down until they are re-inspected and certified as safe.

You must submit one application for each elevator location. You may include up to ten units providing they are at the same location.

The Department is not responsible for verifying correct State ID Numbers on applications. Incomplete or incorrect applications will be returned to the sender.

Standard fee for annual inspection is \$400 per unit. The fee for overtime inspection is \$400 additional.
